Written narrative to accompany plat for survey No. 811

Survey for W. Benton Smith, Medford, Oregon.

Survey located in Section 36, T 37S. R 2 W. Jackson County, Ore.

Date of Survey April 1956.

Proceedure: having 5/8 pins at the northwest and southwest corner of Lot 8 West Side Heights Addition No. 2, and a reference pin on the North line of Murray Avenue at the west line of Columbus Avenue; and a reference pin on the west line of Columbus Avenue at a point 253.15 feet north of the north line of Murray Street, with a survey previously filed giving all information as to distances, I then set the west corners for the tra between West Side Heights Addition No. 2 and Columbus Avenue, as shown on the accompanying plat.

L. N. Dow
