

NARRATIVE REPORT

Survey For

**Leonard Franck
Snowy Buttes Orchard Subdivision (T. 37 S., R. 2 W., Sec. 10)
Bealle Lane**

Purpose of Survey:

To establish boundaries of property described and partitioning of a parcel thereof.

Procedures:

Line was run West from Southwest corner of Snowy Buttes Orchard tract and measured to beginning point along D. L. C. line and center line of Bealle Lane.

Pipe corners were found on adjacent tract of Southeast portion of property and measurements agreed with the records. Lines were run by bearing and distance to locate corners of the property and partition lines established. A 1 1/2" iron pipe at Southeast corner of property was also found and agreed with record distance East and West and .15 feet North and South. The West fence line was 2.0 feet too far west but other fences agreed with survey.

Hugh C. Ingle
