NO. 51

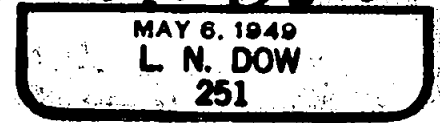

SURVEY WEST LINE

FOR MR. RALPH PIERCE, MEDFORD, OREGON.

COMPLETED JAN. 1957.

L. N. Dow

Scale 1" = 200'

941

Written narrative to accompany plat for survey No. _____

Survey for Mr. Ralph Pierce, Medford, Oregon.

Purpose to determine west line of property.

Date completed Jan. 19, 1957.

Procedure; as this west line had to be determined by the remainder of property left from the previous owner having sold many parcels along the west side, several properties lying adjacent on the west had to be located, and in so doing several 5/8" x 30" iron bars was set at corners of these properties to be of use for future work. First a composite map was made from Ellendale east covering all properties involved, then starting on the east line of D.L.C. 50, and running easterly along the south line of Barnett road to their east line and then south along their east lines they were staked as shown on the plat. A tie was also taken to the concrete monument at the inside Ell corner of D.L.C. NO. 51 as shown.
