SURVEY NARRATIVE TO COMPLY WITH O.R.S. 209.250

FOR:

Jim Miller
975 Dead Indian Rd.
Ashland, Oregon

PURPOSE:

To monument the corners and mark the lines of the Miller ownership in Section 4, T 39 S, R 2 E.

PROCEDURE:

A control traverse was run through the existing monumented exterior corners of said section, from which the proportional position of the lost or obliterated exterior section corners were determined.

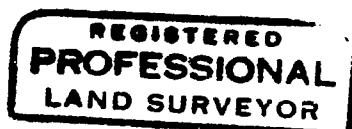

No original evidence was found to locally remonument the North or West 1/4 section corners. At the Northwest corner of said section 4, a very old rock mound was found on the summit of a sharply defined N-S ridge of basaltic rock containing very little or no topsoil. This rock mound was held for the original corner position.

With the exterior corner positions of section 4 thus determined, the interior subdivision of said section was calculated, from which interior corner positions and lines were monumented as shown on the accompanying map.
