BASIS OF BEARINGS: Filed Survey No. 5923

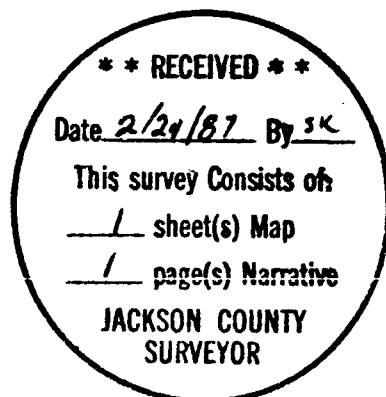

DATE: February 23, 1987

PURPOSE: To monument the East boundary of that tract
described in Instrument No. 85-01527 O.R.

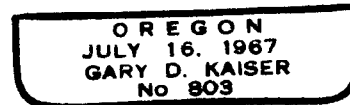

PROCEDURE:

Utilizing Theodolite and E.D.M. Equipment, ties were made to control established on Filed Survey Nos. 5923 and 8018. The desired boundary position was computed from said control and monumented as shown on the annexed map.

The Southeast corner of tract described in Instrument No. 85-01527 O.R. was monumented with a witness corner as shown, due to the expense of establishing the North boundary of the Southeast Quarter of the Southwest Quarter of said Section 10. This satisfies the present needs of the client.
