

Survey No. 10897

NARRATIVE TO COMPLY WITH O.R.S. 209.250.

Survey for: Boise Cascade Corporation
P.O. Box 100
Medford, Oregon 97501

Location: Located in the southwest quarter of
Section 16, Township 34 South, Range
2 West of the Willamette Meridian,
Jackson County, Oregon.

Purpose: To monument and mark the lines of tract
"B" as shown on the accompanying map as
described in Volume 595, Page 300 of Deed
Records of Jackson County.

Procedure: The controlling corners and deed lines
and all found monuments where incorporated
in a closed traverse. This section was
recently subdivided by Gerald Nygren at
which time he established the west and
east quarter corners as shown on filed
survey no. 10561. The deed for the tract
being surveyed begins at the northeast
corner of the northwest quarter of the
southwest quarter. The position of several
found monuments, of unknown origin,
would be relatively close if this corner
was 30 feet to the south of its actual
position. It is obvious to me that an
attempt was made to monument this tract
without the subdivision of the section.
I therefor monumented the tract holding
the westerly right of way line of Evans
Creek Road as a physical monument, from
which I used record deed bearings and
distances to the north line of Volume 172,
Page 475 of the Deed Records of Jackson
County.

I used filed survey no. 10561 for the
subdivision lines of the section and
based my bearing on the west line of the
southwest quarter.
