SURVEY NARRATIVE

LOCATION: In the Northeast $\frac{1}{4}$, the Southeast $\frac{1}{4}$ and the Northwest $\frac{1}{4}$ of Section 5, Township 40 South, Range 3 East of the Willamette Meridian, Jackson County, Oregon.

SURVEY FOR: Thomas B. Habecker
P.O. Box 278
Ridgefield, Washington 98642

PURPOSE: To monument a new adjustment of those parcels shown as Parcels II and III in Survey No. 11371 as recorded in the Office of the Jackson County Surveyor. These parcels are a portion of those parcels shown as # 25 and # 26 on Survey No. 4269.

PROCEDURE: The parcels adjusted here were surveyed out in Survey #11371, dated October 25, 1988. After completing the Survey for Lot Line Adjustment shown in said Survey # 11371, the client decided to change the configuration of the parcels to the configuration shown on this survey. This design permits better use of the parcels in siting homes with greater distance from the side parcel lines.

Using my traverse stations and monument locations from said Survey No. 11371, I set corners for the proposed new parcel alignment as shown on the accompanying plat.

DATE OF SURVEY: November 1, 1988

BASIS OF BEARINGS: That line running from the C-E 1/16th corner, South 45° 01' 33" West, 484.98 feet to the most Southerly corner of Parcel 26 per Survey # 4269.

This narrative is accompanied by a one page plat.
