SURVEY FOR: City of Medford

SURVEY BY: Paul D. Lewis, L.S.
411 W. 8Th Street
Medford, OR 97501

PURPOSE: To establish the center line monuments on Reddy Street at the center line intersection of McAndrews and Madison.

PROCEDURE: A search of the City field books revealed that in field book No. 87, pages 46 and 55, sandstone monuments were set at the aforementioned intersections. Prior to the construction of a sanitary sewer along the center line of Reddy Street, the center line monuments at McAndrews and Madison that were set on Recorded Surveys No. 3778 and 7082, were referenced. The concrete was then removed at those locations and the sandstone monuments referred to in City field book No. 87 were found as shown on the accompanying plat.
