Survey No. 12949

SURVEY NARRATIVE TO COMPLY WITH O.R.S. 209.250

Survey for: Henry R. Wind
4810 Sardine Creek Road
Gold Hill, Oregon 97525

Location: Located in the northwest quarter of Section
28, Township 35 South, Range 3 West of the
Willamette Meridian, Jackson County, Oregon.

Purpose: To survey and monument the parcel of land as
shown on the accompanying map.

Procedure: A closed traverse was used to tie in the
controlling monuments which were established
by filed Survey No. 4861. The analysis of the
measured and record data were within
reasonable limits. However when the deed
information was applied to the property a
large discrepancy was noted. The source of
the error was the call along the road, which
was northerly 216.00 feet. If you go due
North from the intersection of the south line
and the road the deed dimensions fit.
However the course of the call along the road
is northwesterly which skews the remaining
dimensions. I held the 216 foot distance and
allowed the remaining dimension fall as shown,
which was agreed to by Mr. Wind and his
adoiner.

Bearing is based on the south line of the
surveyed parcel as shown.
