**HISTORY OF SURVEYS**

**PLSS CORNERS**  
Township 30 South, Range 3 East, Willamette Meridian, Oregon, was surveyed by H. Raymond under Group No. 64 dated 09/28/1927 and approved 05/24/1929.

**ROGUE WILD & SCENIC CORNERS**  
The Upper Rogue Wild & Scenic River Boundary has not been previously surveyed. No other surveys are of record.

**PURPOSE AND PROCEDURE**

The purpose of this survey is to mark and post a portion of the Upper Rogue Wild & Scenic River boundary between Angle Points 34-36 and 41-42. This area is designated as "Scenic". This boundary description was written by the Rogue River National Forest under guidance from the Regional Forester, R6/PNW, in a 7140/2350 letter dated May 23, 1989. A portion of that description is detailed on this map of survey, sheets 1-4. A complete description of the Rogue Wild & Scenic River boundary is on file with the Rogue River National Forest. The final product has not been approved by Congress as of this date. GPS (Trimble 4000 global positioning system satellite receivers) were used to establish control for this project at certain critical locations. These control points are part of a larger GPS control project surveyed by Stephan L. Barott, L.S. 2332. Traverses were run with theodolite & distance meter along the Wild & Scenic River boundary, tying to GPS control points and other necessary PLSS corners. Solar observations were taken at several locations and converted to a grid bearing. The theta angle used for each map sheet is indicated in the diagram. All courses as shown on the map sheets are grid bearings. The accessories (BT's) as shown on sheets 3 and 4 are geodetic (solar) bearings. The boundary is marked as per U.S. Forest Service Wilderness Boundary standards with the exception of the signs. No standard signs are available for the Wild & Scenic River boundary. Six foot aluminum posts mark the line with 3" X 3" aluminum diamond shaped signs attached, marked 'RWS'. Trees along line facing out of the Wild & Scenic area are single blazed and painted with red timber marking paint.

**EQUIPMENT**

Equipment used throughout this survey include Trimble 4000 ST/SE satellite receivers, Wild T-2 theodolite, and Sokkisha Red 2L electronic distance meter.

**CERTIFICATE OF SURVEY**

We, Harold L. Center, No. 1071, and Stephan L. Barott, No. 2332, Registered Professional Land Surveyors, State of Oregon, hereby certify that this plat correctly represents a survey made by us or under our direct supervision in conformance with the laws of the State of Oregon at the request of the United States Forest Service.

From which,

A fir, 14 in. dia., bears S.50°35'E., 34.7 ft. distance, marked RWS35BT.

A fir, 16 in. dia., bears S.17°25'E., 39.0 ft. distance, marked RWS35BT.

- 16) A 5/8 in. dia. iron pin, 24 in. long, with a 1-1/2 in. dia. aluminum cap set flush with the ground. Cap marked:

RWS  
35-A

From which,

A fir, 28 in. dia., bears N.44°42'E., 19.7 ft. distance, marked RWS35ABT.

A fir, 30 in. dia., bears S.29°50'E., 15.3 ft. distance, marked RWS35ABT.

- 17) A 5/8 in. dia. iron pin, 24 in. long, with a 1-1/2 in. dia. aluminum cap set flush with the ground. Cap marked:

RWS  
35-B

From which,

A fir, 23 in. dia., bears N.77°56'E., 32.9 ft. distance, marked RWS35BBT.

A fir, 36 in. dia., bears S.18°04'E., 17.0 ft. distance, marked RWS35BBT.

- 18) A 5/8 in. dia. iron pin, 24 in. long, with a 1-1/2 in. dia. aluminum cap set flush with the ground. Cap marked:

RWS  
35-C

From which,

A fir, 26 in. dia., bears S.86°02'E., 24.0 ft. distance, marked RWS35CBT.

A fir, 25 in. dia., bears S.10°30'W. 30.8 ft. distance, marked RWS35CBT.

- 19) A 5/8 in. dia. iron pin, 24 in. long with a 1-1/2 in. dia. aluminum cap set flush with the ground. Cap marked:

RWS  
35-D

From which,

A fir, 16 in. dia., bears N.78°33'E., 25.5 ft. distance, marked RWS35DBT.

A fir, 7 in. dia., bears S.24°50'E., 25.2 ft. distance, marked RWS35DBT.

- 20) A 5/8 in. dia. iron pin, 24 in. long, with a 1-1/2 in. dia. aluminum cap set flush with the ground. Cap marked:

RWS  
35-E

From which,

A fir, 19 in. dia., bears N.66°20'E., 7.4 ft. distance, marked RWS35EBT.

A fir, 22 in. dia., bears S.34°23'W., 33.6 ft. distance, marked RWS35EBT.

- 21) A 5/8 in. dia. iron pin, 24 in. long, with a 1-1/2 in. dia. aluminum cap set flush with the ground. Cap marked:

RWS  
35-F

From which,

A fir, 23 in. dia., bears N.77°36'E., 14.8 ft. distance, marked RWS35FBT.

A fir, 19 in. dia., bears S.19°17'W., 16.6 ft. distance, marked RWS35FBT.

- 22) A 5/8 in. dia. iron pin, 24 in. long, with a 1-1/2 in. dia. aluminum cap set flush with the ground. Cap marked:

RWS  
35-G

From which,

A fir, 22 in. dia., bears N.21°31'E., 21.6 ft. distance, marked RWS35GBT.

A fir, 12 in. dia., bears S.88°21'E. 24.1 ft. distance, marked RWS35GBT.
