SURVEY FOR: City of Ashland
City Hall
Ashland, Oregon 97520

LOCATION: Situated in the Southwest Quarter of and the Southeast Quarter of Section 11, Township 39 South, Range 1 East of the Willamette Base and Meridian, Jackson County, Oregon.

PURPOSE: To survey and monument a tract of land to be Annexed into the City of Ashland.

PROCEDURE: Surveyor, Everett L. Swain while in private practice some years ago, conducted numerous surveys within this general area. Utilizing data compiled while conducting Filed Survey No. 9811, et al and then relating this control data to those Filed Surveys No. 2471, 2499, 9668, 12451 and 12541, coupled with various deeds of record, proceeded to survey and monument the tract of land as shown on the accompanying map, to be annexed into the City of Ashland. For reasons beyond my control, this Annexation Survey has been stalled and will apparently not be concluded within the time frame that I need for recording my map; Therefore, the reason for filing of this **Map of Survey** is self apparent.
