Line blazed & flagged this survey.

SURVEY NARRATIVE TO COMPLY WITH O.R.S. 209.250

PURPOSE: To survey and blaze the North line of the S.E. 1/4 and tho set the center of Section 18.

PROCEDURE: From map record data from Survey No. 8472, calculated the position of the center 1/4 corner. Traversed from the West 1/4 corner to the East 1/4 corner of the Section for basis of bearings. The measured distance across the East-West centerline compared very well with the distance calculated from Survey No. 8472. Set the center 1/4 corner at the computed distance from the West 1/4 corner and blazed and flagged the line as shown hereon. Accessories for the center 1/4 corner are as follows:

A 12" Fir bears N.88°E., 31.7'.
A 10" Fir bears S.07°W., 19.6'.
A 6" Fir bears N.86°W., 16.6'.
A 7" Fir bears N.37°W., 17.8'.
All BT's marked 'C1/4S18BT'.
