Survey Narrative to comply with O.R.S. 209-205 and O.R.S. 209 -120

Survey for: Roy L. HouckSurvey by: Edward A. McGinty, L.S.  
4/15/60

BASIS OF BEARING: Solar observation.

## PRECEDENCE OF SURVEY:

At the 1/4 corner between Sections 25 and 26, found a stone with a cross about 6 ins. below the surface, in a mound of stone, distance to bearing trees agrees with record. At the northeast corner of Sec. 26 found a 2 in. iron pipe and two bearing trees at a proportional distance, set a 1 ins. iron axle, 30 ins. long, approximately 6 ins. below the surface.

Found a possible discrepancy between actual intersection of the County road, as indicated and that of the County Road location map. Center line of the County road was determined from reference points furnished by the County Engineers office.
