SURVEY NARRATIVE TO COMPLY WITH O.R.S. 209.250

PURPOSE: To survey and monument the corners of the client's tract of land as requested by the client.

PROCEDURE: Tied to monuments established by RS3127 for control of this Survey. Used deed record distances to establish the Northerly corners of the subject tract. Used map record data per RS3006 & 1108 to calculate the R/W of Table Rock Road. A deed gap exists between the Northerly portion of the tract and the property to the West. The client was informed of this. This Survey did not attempt to find the fee title holders of this gap. Those monuments found as well as those set are as shown hereon.
