

Survey narrative to comply with ORS 209.250, Oregon State Law

For: John W. Roelfs, Rt. 4, Box 410R. Meaford, Oregon.

Purpose: To mark the boundaries of tract shown.

Procedure: The boundaries of the original tract had been previously surveyed and all corners set, which I used for my survey. The Southerly line of the property extended within the boundary of the Pioneer Road as now located but for my survey I used the Northerly line of the relocated road for the southerly line of tract shown.
