SURVEY NARRATIVE TO COMPLY WITH O.R.S. 209.250

PURPOSE: Boundary survey of tract described in Inst. No. 80-21674 O.R.

PROCEDURE: Boundaries of tract described in Inst. No. 80-21674 O.R. were established using information and random control from Filed Survey No. 16774, by this office. Monuments were found from Filed Survey No. 10198 near subject property boundary but were not set on true subdivisional lines as stated in said survey narrative. A 5/8" rebar was found near the Northwest corner of subject property which does not fit the location or description of monument set on Filed Survey No. 10198. Information from Filed Survey Nos. 11067 and 15424 were also used which have some bearing problems as mention in the narrative of Filed Survey No. 16774.
