# SURVEY NARRATIVE

2069

of a survey  
made in Gov. Lot #4, Sec. 5, T. 36 S., R. 4 W., W.M.  
Dec. 27 & 28, 1962

This survey was executed at the request of Ed Burkett of Rogue River, Oregon; for the purpose of setting the exact alignment of a proposed fence along the south boundary of a land parcel described as being the north 25 Acres, more or less of Gov. Lot #4, Sec. 5, T. 36 S., R. 4 W., W.M.

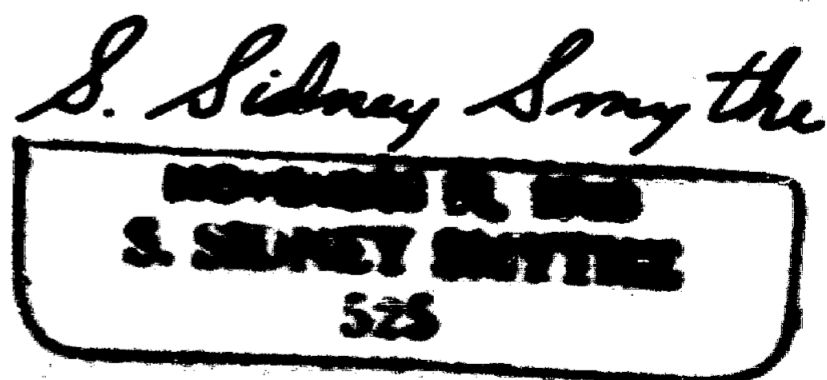

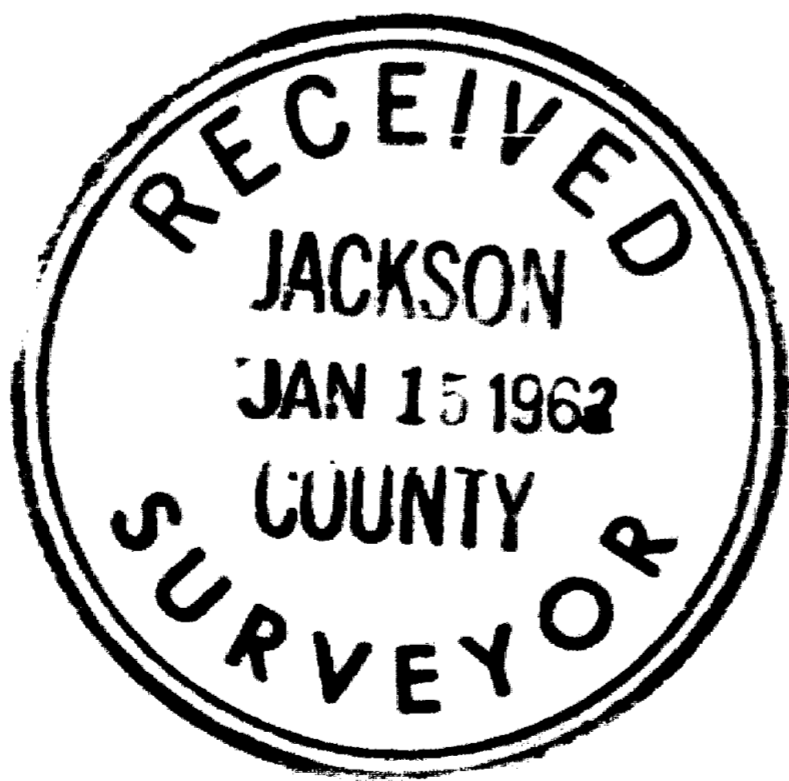

Commencing at the NW Sec. corner of said sec. 5  
Thence southerly 1036.17 ft. on a random line  
to a point capable of obtaining a polaris bearing.

On the night of 27 Dec 62 a polaris star shot was made and calculated. Thus a true bearing of the random line was obtained.

Thence a point, being 825.00 ft. from the section corner on the true bearing of  $S. 0^{\circ} 25' E.$ , was located.  
An  $1\frac{1}{2}$ " Iron Pipe was set.

Setting on the above described point, an angle was turned to a line having a true bearing of Due East.

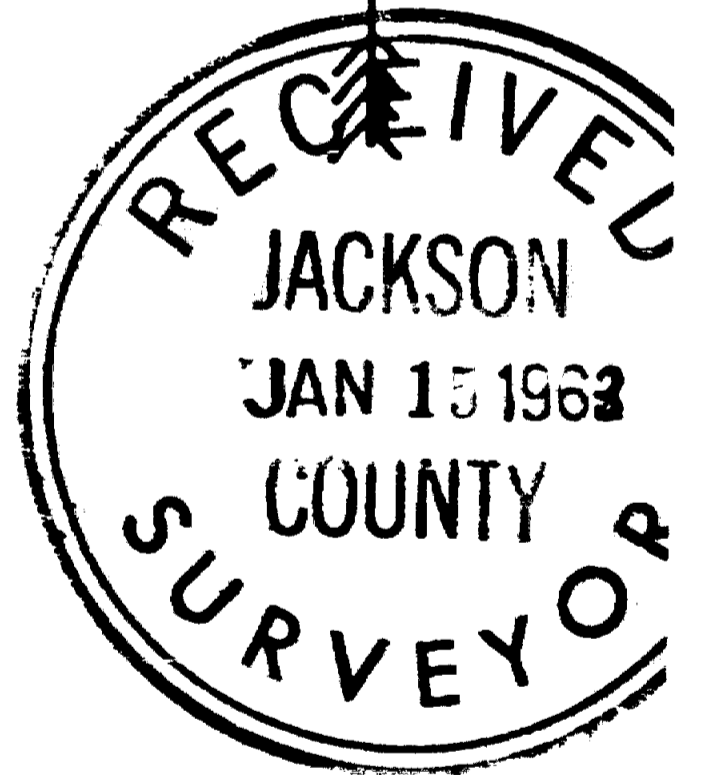

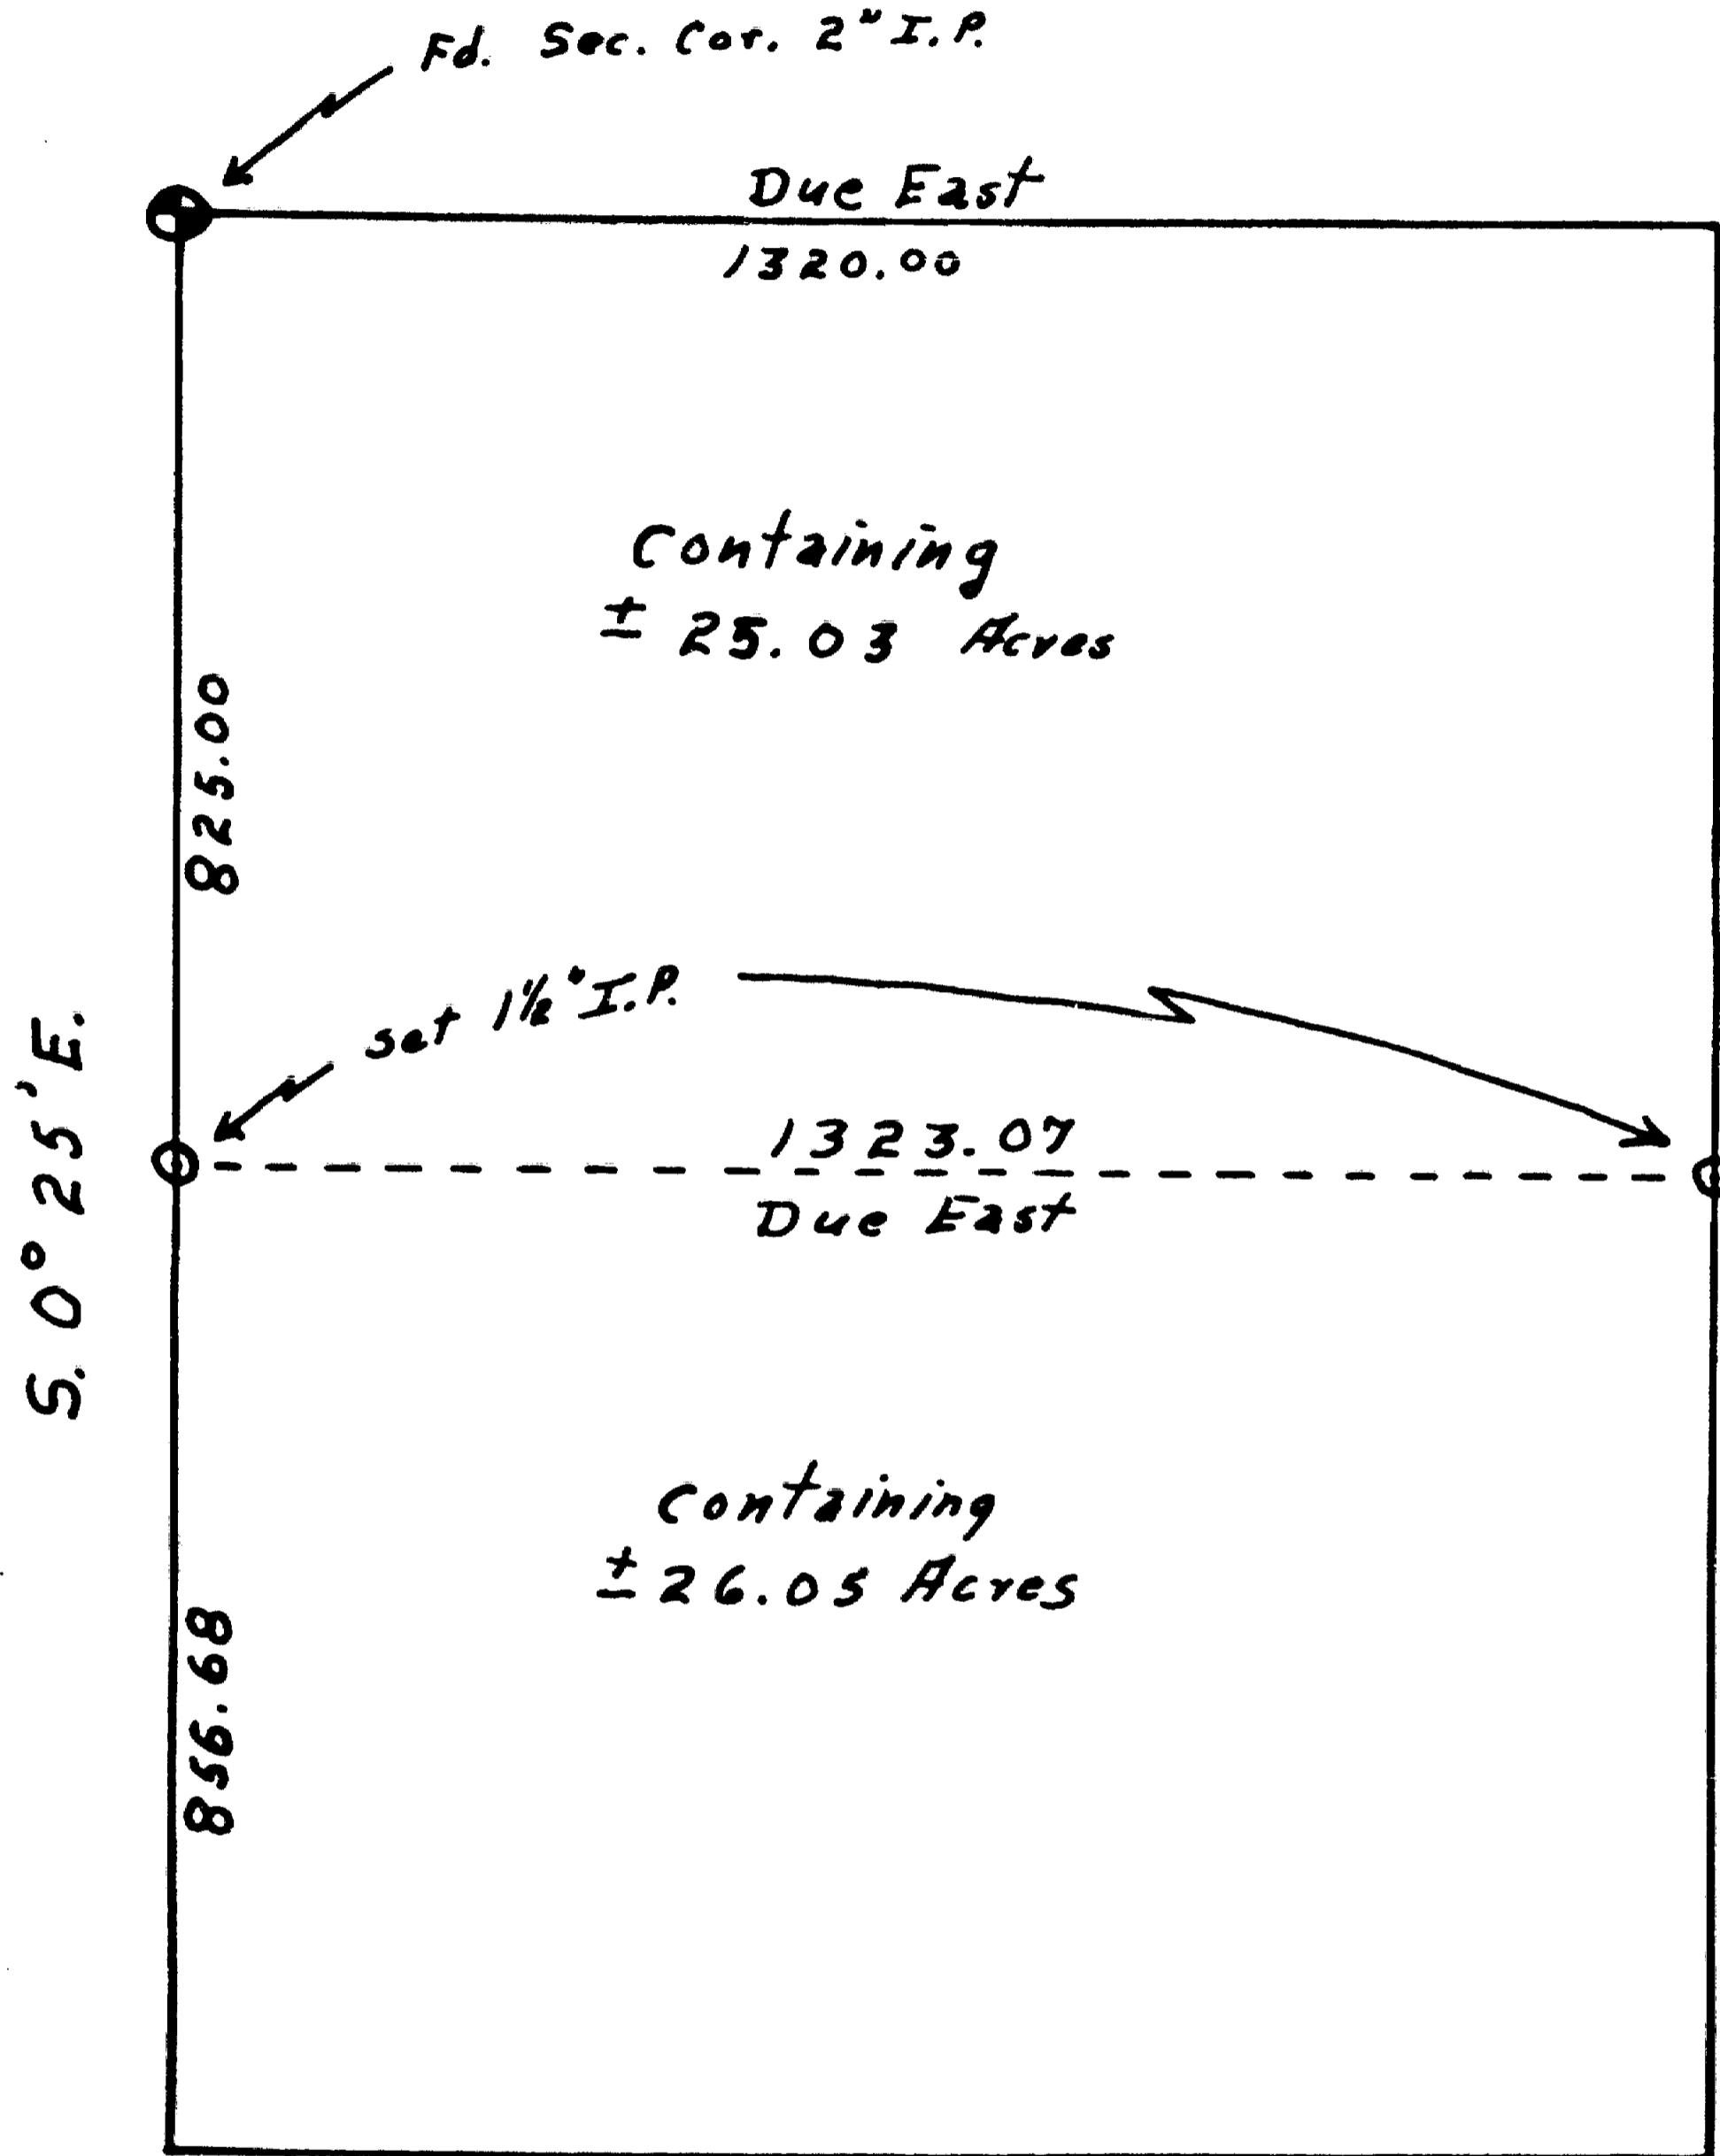

Thence, running due East 1323.07', and set an  $1\frac{1}{2}$ " I. P. marking the protracted east boundary of said Gov. Lot #4.
