Purpose: This survey was conducted to verify the location of the monuments shown hereon. Locations of drive ways are also shown.

Procedure: I was retained to survey this boundary and in the course conducting the survey it was determined that it had already been surveyed and that the survey was pending filing. Subsequent to the control survey the survey has been filed as S/N 20777. My client requested that I survey the corners and verify their location and the location of the gravel driveways. All of the monuments found are within reasonable tolerance relative to the deed location per Instrument No 03-58131 of the Official Records of Jackson County, Oregon.
