- S/N = RECORD FILED SURVEY NUMBER
- W.M. = WITNESS MONUMENT
- RECORD AND SURVEYED DATA IS SHOWN WITH THE MEASURED ONLY SURVEY DATA NOTED WHERE APPLICABLE.
- INST. NO. = INSTRUMENT NUMBER AS RECORDED IN THE OFFICIAL RECORDS OF JACKSON COUNTY, OREGON.

**SURVEY NARRATIVE
 TO COMPLY WITH O.R.S. 209.250**

Purpose: This survey was conducted to monument the location of the property described in Inst No 2006-58405 and 2007-46130. Although the distances are in error on the later deed the calls to the road and creek holds.

Procedure: The southeast quarter of section 26 was surveyed by Voorheis Land Surveying and filed as S/N 20034 in the Jackson County Surveyor's office. The monuments shown hereon were tied in a closed survey. An analysis of the relationship of the found monuments and the computed survey resulted in very little difference in bearing so no rotation to the computed survey was made. The center south 1/16 was held along with the record survey for title location with the boundaries computed and monumented as shown hereon with witness corners. The actual corners are Sykes Creek and Sykes Creek Road. The location of the Road was computed from the Roll map on file in the County Surveyor's office as 34-4 and is shown for pictorial purposes only. The location of Sykes Creek Road was not within the scope of this survey.
