Procedure:

Found U.S. Government concrete monument with brass plate stamped S.E. Cor L. 14, found U.S. Government Concrete monument with brass plate stamped N.E. Cor. L. 12. by hubbing a line through these two monuments we intersected the centerline of Stevens Road using a road P.I. at Station 15+07.6 and another control point marked 71+40 . From this centerline control we turned the control angle and found it to be reasonably close to record.

We then set a 5/8" bar on the south line of Stevens Street on the line of the Government Monuments. and from this much information we staked out the 1 acre parcel using 5/8" bars as shown on the plat.
