

Survey No. 2942

SURVEY NARRATIVE TO COMPLY WITH O.R.S. 209.250  
REVISED BY CHAPTER 555, O.I. 1963

FOR: Lake Shore Village, Inc.  
c/o Hugh Jennings  
Insurance Mart  
1005 F. Main Street  
Medford, Oregon

PURPOSE: To monument a division line through Tracts "M-16" and  
"M-22" as monumented on Recorded Survey No. 2218.  
Also to prepare a legal description for each of the  
four parcels.

PROCEDURE:

Found control monuments as shown.

A check tie to the re-established section corner common to  
Sections 20, 21, 28 and 29 indicated a variance from Recorded Survey  
No. 2218. Also a variance in tract distances was encountered.

Because of these minor discrepancies; the legal descriptions  
prepared were described from the section corner to the newly  
established property division line by distances developed on this  
survey. Bearings and distances were then radiated from this  
division line and qualified as running to iron pins found as set  
on Recorded Survey No. 2218.
