

SURVEY NARRATIVE TO COMPLY WITH O.R.S. 209,250
REVISED BY CHAPTER 555, O.L. 1963

FOR: Mrs. Margaret I. Kerr
314A Howard Street
Medford, Oregon

PURPOSE: To monument the boundaries of Lot 5, Block 1,
"WHITMAN PARK", an addition to the City of Medford,
Oregon.

PROCEDURE:

Re-measured the Easterly boundary of Block 1 as a check of
the standard of measurement used on previous surveys. Also
recovered the monuments established on Recorded Survey No. 2687.
From this information, projected the proportional measurement
to enclose said Lot 5.

Monuments set on Recorded Survey No. 2680 were found and
used for three corners and a new monument established at the
Southeasterly corner. This procedure being consistant with that
now well established by many past surveys in this block.
