

Survey Narrative To Comply With Paragraph 209.250  
Oregon Revised Statutes

SURVEY FOR:      Arthur W. Grabher      Albert A. Grabher      Melvin E. Minger  
                         7085 Rapp Lane      Route 1, Box 599      7165 Rapp Lane  
                         Talent, Oregon      Talent, Oregon      Talent, Oregon

LOCATION:            The surveys are situate in the Southeast One  
                         Quarter (1/4) of Section 26 and the Northeast One  
                         Quarter (1/4) of Section 35, Township 38 South,  
                         Range 1 West, Willamette Meridian, Jackson County,  
                         Oregon.

PURPOSE:            To prepare correct and adjusted descriptions of  
                         the tracts owned by the clients and as presently  
                         occupied. The survey was for the purpose of  
                         correcting the record. The clients were informed  
                         that a boundary line agreement would be necessary  
                         to clear title to the line shown on the attached  
                         map. To establish the location of the Southwest  
                         Corner of Donation Land Claim No. 68 the reference  
                         shown in Deed of Records, Volume 104, Page 379  
                         was used. This deed is dated January 3, 1914 and  
                         gives a bearing and distance tie from the 1 1/2  
                         inch iron pipe found and referred to in Volume 84,  
                         Page 219. The other corners were used as indicated  
                         on the map and as shown on the previous recorded  
                         surveys.

Basis of bearings--Recorded Survey No. 1550.

February 4, 1969

J. A. Hoffbuhr  
Registered Land Surveyor
