SURVEY NARRATIVE TO COMPLY WITH PARA. 209.250 O.R.S.

Survey for: City Of Jacksonville
Jacksonville, Oregon

Purpose: To establish a 20' r/w between center
Sec. 32 and South 1/4 cor. Sec. 32.

Location: S.E. 1/4 Sec. 32, T.37. S., R2W., W.M.
Jackson County, Oregon!

Procedure: Found 5/8" Iron pins, and stone with +
scribed thereon per RS 1339 - as shown
on map. Stone also per RS 2868- 3132-
1776. Used stone and pins as basis of bear-
ing, then ran S 0°03' E for 2553.0" to
another stone with + accepted as the South
1/4 cor. of Sec. 32. It is realized that
the stone at the center of the section
has never offically been accepted; however
virtually all the surrounding properties
have been surveyed from it, and deeds
written therefrom. As noted above, the
N-S bearing of the section center is
the same in the South half as in the
North half.
