SURVEY NARRATIVE TO COMPLY WITH O.R.S. 209.250  
REVISED BY CHAPTER 555, O.L. 1963

FOR: Jack Duncan  
230 Broadview  
Anaheim, Calif.

PURPOSE: To monument and describe the tract as shown  
on the accompanying map.

PROCEDURE: The monuments found on the Northerly Boundary  
of the tract described in Vol. 460, Page 40,  
of the Deed Records, Jackson County, Oregon  
were held as control for the common boundary  
between said tract and the tract being created  
by this survey. These monuments were set by  
L.E. Ager, Surveyor in 1956 originally estab-  
lishing said boundary (survey unrecorded).  
The existing centerline as determined from  
the mean pavement width was used as control  
for Siskiyou Highway as the original monuments,  
if any, could not be found. The remaining  
boundaries created by this survey were estab-  
lished according to clients direction.
