SURVEY NARRATIVE TO COMPLY WITH O.R.S. 209-250

Survey for: Wheeler and Assoc. 71-15
Cascade Shopping Ctr.
White City, Oregon

Survey by: Edward A. McGinty, R.S.
Medford, Oregon
May 1971

Basis of Bearing: Survey No. 2218.

Location of Survey: SE. 1/4 corner Sec. 20, T36S, R1W.

Precedence of Survey:

Surveyed tract from previous survey controls as shown on Survey No. 2218 and found on this survey.

Client furnished a description as being the West one half of a larger tract.

The surveyed line was determined by 1/2 area and at a mean bearing of the East and West line of a larger tract.

Cautioned the client in that occasionally a description calling for an area can be questionable as to the intent in future years, that his deed should be amended and a correction filed.
