SURVEY NARRATIVE TO COMPLY WITH O.R.S. 209.250

FOR: R.L. WYANT
2099 Emigrant Creek Road
Ashland, Oregon

PURPOSE: To Monument and Describe the Tract as shown on the
accompanying map for purposes of adverse possession
litigation.

PROCEDURE: The subject tract was traversed and monumented as
shown on the accompanying map from which a tie was
made to the Northeast corner of Section 18.
Since the interior government lot corners and boundaries
of Section 18 were not determined by this survey, it is
not at this time known if the 1/2" pipe monument found
as shown on the accompanying map is located in the correct
position. However it is the intent of the description
furnished the client that said pipe would control the
South boundary of this survey to the West as a Witness
corner to be closed on the true government lot line.
