Map of Survey

Located in Sec. 34 and D.L.C. No. 67, T385RIW
For: EMMETT BEESON TALENT, OREGON
By: George Burrell Surveyor Sept. 1972

SURVEY NARRATIVE TO COMPLY WITH O.R.S. 209.250

FOR: Emmett Beeson
10820 NE 7th St.
Vancouver, Wash. 98664

PURPOSE: To monument and describe the tract as shown on the accompanying map and to describe the roadway easement.

PROCEDURE: The control monuments found along the West line of TWIN CEDAR SUBDIVISION were used for control for this survey, from which the tie to the Northwest Corner of D.L.C. No. 67 was calculated. The Southerly and Easterly line of the tract created by this survey was located according to the clients direction. The Northerly line was established along the average centerline of the T.I.D. Canal. The Westerly line of said tract (being the Westerly line of the tract described in Document 67-08921, O.R., J.C.,O.) was not established by this survey. Accordingly a Witness Corner was set to close on this boundary.
