FOR: Trail Creek Lumber Company
White City, Oregon

PURPOSE: To correct positions monumented for the corner common to Sections 35 and 36, T32SR2W and the corner common to Sections 1 and 2, T33SR2W on Recorded Survey No. 1999.

PROCEDURE: A B. L. M. dependent re-survey in 1967 found the original corner evidence at said two corners, and monumented the correct corner positions. The monuments set for these two corner positions on Recorded Survey No. 1999 should not be used as true corner positions, but as witness points to the true corner positions as indicated on said B. L. M. survey.
