Survey by: G. W. Plumb, Land Surveyor, P. O. Box 904, Medford, Ore.

Location: SW.  $\frac{1}{4}$  Section 28, Township 35 South, Range 4 West,  
Willamette Meridian, Jackson County, Oregon.

Found iron posts with brass caps at the corners of Sections 28, 29, 32 and 33; the Quarter corner of Sections 28 and 29; the Quarter corner of Sections 26 and 33, and the Center Quarter corner of Section 28; all firmly set, with bearing trees as described in the U.S. B.L.M. records dated 1961.

Traversed to corners, and computed the subdivision of the quarter section. No trace of the witnesses for the center line of West Evans Creek Road was found. The position of the road was established from the painted center etripe of the paving.

Set 5/8" x 24" iron rods as shown on the attached map from deed records and from instructions from owners. Set witness corner rods to establish line for the east - west boundaries of properties on the east of the road at the request of the owners.
