The Northerly and the Easterly lines of this survey were determined from previous survey No. 4503.

The center line of 3rd Street was determined from city center line and Survey No. 3438.

Point 'A' being near the corner set by Clabby according to residence. Found by retracement of Clabby field notes and tied to old fence Southerly which would agree with the testimony of residence. Clabby survey was unrecorded.

From Point 'A' to Point 'B' is a proposed boundary and not an actual deeded line.
