Survey for Nick Bolen
6450 Myrtlewood Drive
San Jose, California 95129

Survey by G. W. Plumb Land Surveyor
P. O. Box 904
Medford, Oregon 97501

Location SE $\frac{1}{4}$ Section 5, T. 35 S., R. 4 W., W.M., Jackson
County, Oregon

Found $\frac{3}{4}$ inch iron pipes with witness trees as described in Registered Survey No. 3766, for the South $\frac{1}{16}$ th corner of Sections 5 and 4, and for the Southeast $\frac{1}{16}$ th corner of Section 5. Found $\frac{1}{2}$ inch iron pipes with witness trees per same Survey for the South South $\frac{1}{64}$ th corner of Sections 5 and 4, and for the Center South Southeast $\frac{1}{64}$ th corner of Section 5. Found $\frac{1}{2}$ inch iron pipes set per Registered Survey No. 3766 for the intersection of the North and East-West center lines of the SE $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 5 with the easterly right of way line of West Evans Creek Road, as it existed in 1968. Although these points are not exactly on the lines between the respective external corners of the sixteenth section, their positions were used, to avoid changing the locations which had been accepted as property corners since the completion of the registered survey. Found $\frac{5}{8}$ inch iron rods marking the westerly right of way line of the county road as re-constructed. Set $\frac{5}{8}$ inch iron rods, 24 inches long, to mark the corners of property per description furnished by owner.
