

Survey No. 5839

SURVEY NARRATIVE TO COMPLY WITH O.R.S. 209.250  
REVISED BY CHAPTER 555, O.L. 1963

FOR: Harvey Phillips  
1840 Grandview  
Medford, Oregon

PURPOSE: To survey and monument a parcel as directed by client.

PROCEDURE: Recovered monuments previously established by Recorded Survey Nos. 2543, 2975, 3671, and 5258, and tied them together by a combination geodimeter, theodolite and tape traverse, resulting in the bearings and distances as shown on the accompanying plat. Particular comment should be made concerning those monuments established by Recorded Survey No. 2543. In July, 1967, Recorded Survey No. 3521 was filed to make a matter of record an apparent 50 foot error in Recorded Survey No. 2543. It should be noted that remeasurements taken in the present survey reveal a lineal error of 50.25 feet along the north boundary of parcel described in O.R. 73-15608.
