75-141

SURVEY NO. 6078

SURVEY NARRATIVE TO COMPLY WITH O. R. S. 209.250

SURVEY FOR: John Caskey
1119 W. 10th
Medford, Oregon

LOCATION: Portion of Lot 8 of the Park Addition to
THE CITY OF MEDFORD.

PURPOSE: To monument the parcel as shown on the
attached map.

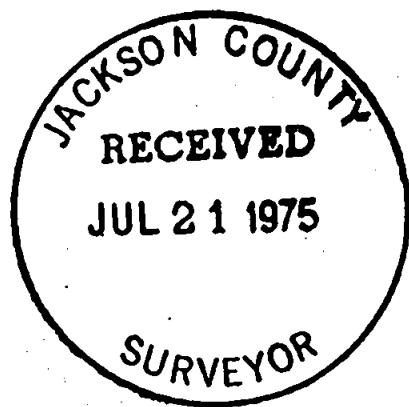

PROCEDURE: The East-West location of the side lines of
this parcel were determined by using the
found monuments at the street intersections
as shown on the attached map and the found
pipe at the Northwest Corner of Lot 8 of
said Park Addition.

No attempt was made to determine the exact
location of the south line of this parcel.
The Deed Distance of 168.0 feet would
indicate that the true Southerly Corners
would be approximately 5 feet south of
the northerly edge of the Travelled Way.

A One Second Theodolite and a 200 foot
chain were used on this survey.
