SURVEY NARRATIVE TO COMPLY WITH O.R.S. 209.250
REVISED BY CHAPTER 555, O.L. 1963

FOR: C.C. Corwin
1833 Brookdale Road
Medford, Oregon

PURPOSE: To survey and monument two existing parcels according to legal descriptions.

PROCEDURE: Measured distance between the Brass cap in Lone Pine Road, and the Bolt at McAndrews Road using CD-6 Tellurometer, resulting in a slightly different measurement than previous ones of record. From this measurement, determined location of parcels in question and monumented them accordingly.
