Medford, Oregon

Location: Located in the Northeast  $\frac{1}{4}$  of Section 4, Town-

Jackson County, Oregon.

Purpose: To monument and describe the two tracts shown

Procedure: Utilizing existing monumentation from filed  
survey no. 4433 the tracts were monumented  
dependent upon said found monuments. This  
was done at the request of the clients as  
they thought it impractical to verify the  
monumented alignment of the South line of  
Donation Land Claim No. 44. The 4.4 foot  
strip shown on the map as found is reflected  
in the legal descriptions of record, however,  
no filed survey was found showing their origin.
