Jackson County, Oregon.

BY: Edward B. Graham, P.L.S.

PURPOSE: To locate and mark with monuments the East-West
lines of the client and southerly neighbors property.PROCEDURE: The control for this project was based upon the
subdivision of section 26 as shown on Filed Survey No.
3715. Using the monuments found along the North-South
centerline of said section, and bearings computed from
Survey No. 3715, established the monuments represented
on the attached map which by reference becomes a part of
this narrative.Witness monuments were set on the property lines near
Lolcomb Spring Road, however, neither the width nor the
alignment of this road were determined for this survey.*Edward B. Graham*
