Survey No.

Page 3 of 3

One quarter corner common to Sections 10 and 15, Township 40 South, Range 2 West, Willamette Meridian.

At the accepted corner position, I set a 2 1/2 inch diameter galvanized iron post with 2 1/2 inch diameter brass cap marked

T40S R2W

S10

1/4

S15

1977 LS 1071

From which the following references:

A cedar 49 inches in diameter bears N2° 24'W 17.82 feet distance, accepted for original witness tree.

A roothole with madrone wood remains and live madrone sprout growing to Southwest bears S24° 35'W 7.92 feet distance.

A fir 8 inches in diameter, bears N15° 52'E 35.80 feet distance, scribed 1/4 S10 LS 1071 BT.

A fir 10 inches in diameter, bears S32° 37'W 26.80 feet distance, scribed 1/4 S15 LS 1071 BT.

Corners accepted for control:

Section corner common to Sections 10, 11, 14 and 15, Township 40 South, Range 2 West, Willamette Meridian.

At the corner point, I found a standard Bureau of Land Management Monument marked:

U.S. Dept. of Interior Bureau of Land Management Unlawful to Disturb

From which the following references:

A cedar 41 inches in diameter bears N86° 00'E 11.0 feet distance.

A live oak 9 inches in diameter bears N66° 00'W 12.40 feet distance.

A fir snag 21 inches in diameter bears S24° 00'W 25.00 feet distance.

A cedar 23 inches in diameter bears S38° 30'E 40.00 feet distance.

Section corner to Sections 9, 10, 15 and 16, Township 40 South, Range 2 West, Willamette Meridian.

At the corner point, I found a 1 inch diameter galvanized iron post with a 2 1/2 inch diameter brass cap marked

From which the following references:

A pine 6 inches in diameter bears S48° 25'E 12.40 feet distance.

A roothole, containing oakwood remains bears S14° 10'E 20.00 feet distance.

A fir 8 inches in diameter bears S17° 57'W 4.10 feet distance.

A pine stump, no estimate of diameter, bears S31° $29^{\circ}W$ 51.00 feet distance.

A fir 10 inches in diameter bears N40° 56'W 11.0 feet distance.

A fir 6 inches in diameter, bears N55° 40'E 5.30 feet distance.

A madrone 27 inches in diameter bears N55° 40'E 12.70 feet distance.

SURVEY NARRATIVE TO COMPLY WITH PARAGRAPH 209.250 OREGON REVISED STATUTES

Survey For:

Rogue River National Forest

P. O. Box 520

Medford, Oregon 97501

Location:

South Half (1/2) Section 10, and North Half (1/2) Section 15, Township 40 South, Range 2 West, Willamette Medidian, Jackson County,

Oregon.

Basis of Bearing:

Solar Observation

Purpose:

To monument the One Quarter corner common to Sections 10 and 15, Township 40 South, Range 2 West, Willamette Meridian, Jackson

County, Oregon.

Procedure:

The North One-Quarter of Section 15 had been searched for on several occasions without positive success. Evidence had been located in the area for the one-quarter corner. Evidence consisted of a madrone sprout with a k-tag attached posted by R. L. Templin, P.E., a cedar 49 inches in diameter with large axed out face, with State of Oregon Forestry k-tag attached. The k-tag was etched with various initials including "L. Ager 1947".

Both the madrone sprout and the cedar match record bearing and distance; however, I was unable to locate an identifiable scribe.

Engineer Templin was contacted and his records revealed he had visited this corner while engaged in timber cruising work. (Cira 1957) Templin remembered the area, but was unable to state if scribing was observed during his visit to this corner. He did feel he would not have posted the k-tag if there were doubt to the validity of the corner. A research of surveyor Agers records was made with no results. review of Forest Service records revealed a 1947 corner write up for this corner. Information documented on this write up closely agreed with evidence found during recent visits with the exception that the 1947 visit indicated scribing was observed in the cedar. A copy of said corner write up is attached.

In view of these facts, I elected to accept the cedar and madrone stump as that of original accessories and best available evidence of the original position for the corner.
