SURVEY NARRATIVE

Survey in the Southeast Quarter of the Southeast Quarter of Section 28, Township 34 South, Range 4 West of the Willamette Meridian, Jackson County, Oregon.

Survey for: Manuel Cavalho  
17101 Ford Road  
Rogue River, Ore. 97537

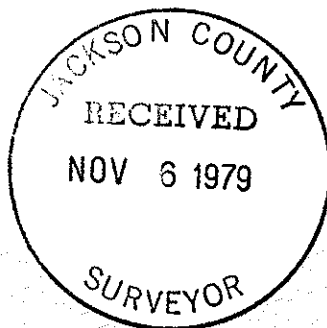

Survey By: Robert Mason  
415 Surrey Dr.  
Grants Pass, Ore.

Purpose of Survey: To monument the corners and mark the lines as described by Document No. 67 - 10551, Jackson County Deed Records.

Procedure: Beginning at the southeast corner of Sec. 28, I measure north, along the east line of said section for 1020.00 feet where I set a 5/8" iron rod to mark the northeast corner.

I then return to the southeast section corner and measure along the south line of the section for 386.46 feet where I set a 5/8" iron rod for a witness corner at the high bank of the creek. I then return to the northeast corner of the tract and measure N 89° 49' 50" W, parallel to the south line of the section, 480.00 feet where I set a 5/8" iron rod to mark the northwest corner of the Cavalho property. I then measure S 00° 29' 30" W, to the southwest corner. Monuments found and used in this survey are shown on the plat, Bearings are based on Survey No. 7791.

Survey completed October 8, 1979.
