SURVEY NO. 8218

SURVEY NARRATIVE TO COMPLY WITH O.R.S. 209-250

Survey for: Mr. Ralph Moore 80-2
1617 Stratford Way
Medford, Or 97501

Survey by: Edward A. McGinty, R.S.
Medford, Or
Jan. 1980

Location of Survey: N. 1/2 of SE 1/4 of Sec. 19, T37S, R1W
Medford, Or

Basis of Bearing: Survey No. 1314

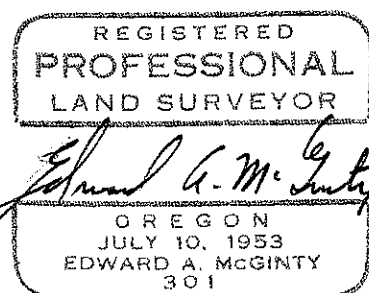

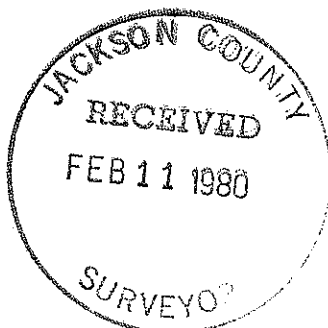

Precedence of Survey:

This survey is a partial retracement of Survey No. 1314, which agrees closely with the point of beginning described in Doc. No. 79-28373 O.R.

There are certain ambiguities too and along Crater Lake Ave. These are shown as record and actual measurements.

Monuments shown along Crater Lake Ave. on Sur. No. 1314 apparently were destroyed during street improvements.

- Pt. 1 Found a spike as shown on survey 1314
- 2 Set a 5/8 x 48 in. iron pin, approx. 1.5 ft. high, this point fell in about 1.5 feet of water at the time it was set, from which a 1/2 in. pin bears southerly 0.07 ft. and a 1 1/2 in pipe bears 0.25 ft. northerly and 0.55 ft. westerly.
- 3,4,5 Set 5/8 x 24 in. iron pins.

Deputy County Surveyor
Gerald Swanson

RE: Survey for Ralph Moore, Feb. 1980.

A scribner error was recently brought to my attention, in reference to the Narrative submitted with this survey.

This Narrative refers to Survey No. 1314 and should have been Survey No. 1343.

I hereby grant permission to alter said Narrative to reflect the proper Survey Number.
