

SURVEY NARRATIVE TO COMPLY WITH O.R.S. 209.250.

Survey for: T. Flatebo and K.C. Weaver
P.O. Box 900
Jacksonville, Oregon 97530

Location: Located in the Southwest quarter of Section 30,
Township 37 South, Range 2 West, Willamette
Meridian, Jackson County, Oregon.

Purpose: To monument and tie existing monuments at the
corners of Parcel "X" as shown on the
accompanying map.

Procedure: Utilizing control from filed survey number
7939, performed by this office, I tied found
monuments on Westmont Heights Subdivision and
filed surveys number 3454 and 4202. The SW
1/16 corner of Section 30 was set after a
thorough search of the area for the 1" pipe
shown on Survey #3454. The Section subdivision
can be reviewed on Survey #7939. The recovered
monuments from survey #4202 together with
those on Westmont Heights Sub were held for
the North and East boundaries of Parcel "X".
A strip of land exists between that parcel
surveyed on survey #4202 and the West line
of the NE 1/4 of the SW 1/4 of Section 30.
Apparently this was the intent as evidenced
by the survey # 4202.

The SW corner of Parcel "X" was established
at record distance from the SW 1/16 corner
and the line from there through the I.P. of
Westmont Heights Sub to the found 1/2 inch
iron pin shown on survey #3454 and called for
in the description of the adjoining tract to
the South was held for the South line.

Surveyed By: T. Flatebo and Associates, Inc.
