

SURVEY NARRATIVE TO COMPLY WITH PARAGRAPH 209.250
OREGON REVISED STATUTES

Survey for: Larry Berg
890 Beach Street
Ashland, Oregon 97520

Survey by : Charles H. Hurst
304 South Holly
Medford, Oregon 97501

Bearings : Based on deed record (existing monumentation).

Purpose : To locate the centerline of an existing driveway
providing access from a landlocked parcel to Beach
Street.

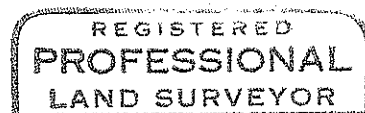

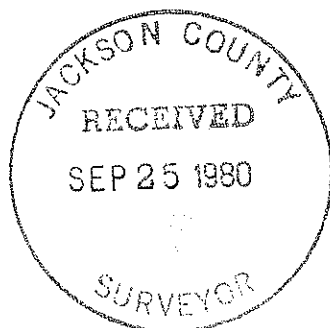

Procedure

The northeast corner of the W $\frac{1}{2}$ of the SE $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 16
(deed corner) has been obliterated. The position of said corner
was determined from existing monumentation (Survey No. 6867).

The road centerline was traversed to a point of termination in
the physical center of Beach Street, the official centerline of
which could not be determined to a reasonable degree of satisfaction
due to the loss of P.I. reference points.

The client was not interested in further work to locate said center-
line as such was not considered critical as long as the driveway
terminated within the right-of-way of Beach Street.
