BASIS OF BEARINGS - SOLAR OBSERVATION
DECLINATION 18° EAST

HISTORY OF SURVEYS IN SECTION 27 TOWNSHIP 40 SOUTH, RANGE 4 WEST, W.M.

THE EXTERIOR BOUNDARY LINES AND THE SUBDIVISION LINES OF TOWNSHIP TO SOUTH, RANGE 4 WEST, W.M. WAS SURVEYED BY SAMUEL LACKLAND UNDER G. L.O. CONTRACT No. 429 DATED JANKARY 5, 1882.

THE NORTH '/4 CORNER COMMON TO SECTIONS 22 \$ 27 WAS REMONUMENTED BY THE JACKSON COUNTY SURVEYORS OFFICE IN 1968. THIS CORNER WAS SET AS PART OF C.S. No 3800 BUT MONUMENTED AS A COUNTY SURVEYOR'S CORNER. MARK BOYDEN MONUMENTED THE WEST '/4 CORNER, THE CENTER '/4 CORNER. THE CENTER WEST '/16 AND THE WEST '/16 CORNER COMMON TO SECTIONS 27 \$ 34 IN COUNTY SURVEY No. 3800 DATED AUGUST 30, 1968.

THE BUREAU OF LAND MANAGEMENT REMONAMENTED THE OTHER CONTROLLING CORNERS IN 1966.

CERTIFICATE OF SURVEY

"I. H. LEON KENNEDY. A REGISTERED SURVEYOR IN THE STATE OF OREGON. HEREBY CERTIFY THAT THIS PLAT AND THE NOTES HEREON. OR ATTACHED, ARE A CORRECT REPRESENTATION OF A SURVEY I PERFORMED DURING MAY. AUGUST. 1980 FOR THE U.S. FOREST SERVICE, IN ACCORDANCE WITH THE STATUTES OF THE STATE OF OREGON AND WITH THE ARTICLES OF MY CONTRACT."

NOV 14 1980

THE U.S. FOREST SERVICE

THIS 14 DAY OF November 1980

The Center-North 1/16 corner of Section 27, Township 40 South, Range 4 West, Willamette Meridian. At the corner location I set a  $2\frac{1}{2}$ -inch diameter by 30-inch long iron pipe with a  $2\frac{1}{2}$ -inch diameter brass cap marked:

From which I marked the following bearing trees:

An 8" oak bears S75°06'W, 8.5ft. scribed "CN 1/16 S27 BT". A 10" oak bears S19°27'E, 19.0 ft. scribed "CN 1/16 S27 BT".

All field books are on file with H. Leon Kennedy.

All Bearing trees marked on this survey are tagged with brass washer marked "L.S. 981".

NOV 14 1980

SURVEYOR

T40S R4W C1/4 S27

1980 P.L.S. 981

From which I marked the following new bearing trees:

A 5" fir bears N2102'W15.0 ft. Scribed "C1/4 S27 BT". on a double blaze.
A 4" fir bears N1320'E27.0 ft. scribed "C1/4 S27 BT". on a double blaze.

The Center-West 1/16 corner of Section 27, Township 40 South, Range 4 West, Willamette Meridian. At the corner location I found a 1" by 36" iron pipe set by Mark Boyden as called for in County Survey No 3800. FRom which I found the following bearing trees:

An 20" fir bears N40°E, 7.5 ft. with a healed blaze. A 14" fir bears N53°W, 35.0 ft. with a healed blaze.

We have accepted this corner as set by Mark Boyden, so I removed the 1" by 36" iron pipe and in it's place I set a  $2\frac{1}{2}$ -inch by 30-inch iron pipe with a  $2\frac{1}{2}$ -inch diameter brass cap marked:

T40S R4W C-W 1/16S27 1980 P.L.S. 981

Since the trees marked by Mark Boyden are healthy trees, I marked no new bearing trees.

## CORNERS ESTABLISHED ON THIS SURVEY

The West 1/16 corner common to Sections 22 and 27, Township 40 South, Range 4 West, Willamette. At the corner location I set a  $2\frac{1}{2}$ -inch diameter by 30-inch long iron pipe with a  $2\frac{1}{2}$ -inch diameter brass cap marked:

T40S R4W
W1/16 <u>\$22</u>
\$27
1980
P.L.S. 981

From which I marked the following bearing trees:

A 7" pine bears N80°50'E, 10.3 ft. scribed "W1/16 S22 BT". A 12" live oak bears S83°40'W, 15.5 ft. scribed "W1/16 S27 BT".

The Northwest 1/16 corner of Section 27, Township 40 South, Range 4 West, Willamette Meridian. At the corner location I set a  $2\frac{1}{2}$ -inch diameter by 30-inch long iron pipe with a  $2\frac{1}{2}$ -inch diameter brass cap marked:

T40S R4W NW1/16 S27 1980 P.L.S. 981

From which I marked the following bearing trees:

A 12" oak bears N62°13'W, 25.22 ft. Scribed "NW1/16 S27 BT". A 6" fir bears N5°45'E, 35.65 ft. scribed "NW1/16 S27 BT". An old rock mound bears N1°23' 32"W, 28.03 ft.

An 8" fir bears N29°E, 11.8' A 1966 BT. with a healed axe blaze. A 10" fir bears S70°E, 21.9' A 1966 BT. with a healed axe blaze. A 28" pine Bears N76°E, 10.4' an original BT. with a healed axe blaze.

The  $\frac{1}{4}$  corner common to Sections 27 and 28, Township 40 South, Range 4 West, Willamette Meridian. At the corner location I found a 1" x 36" iron pipe set by Mark E. Boyden as called for in County Survey No. 3800. From which I found the following:

A 16" fir bears  $S54^{\circ}W$ , 32.4 ft. with a healed axe blaze. A 15" fir bears  $S41^{\circ}E$ , 42.5 ft. with a healed axe blaze.

There was some discussion among the Forest Service personnel as to the correctness of this corner since it was established by Mark Boyden by single proportionate measurement. Mark Boyden and Harold Center reviewed the evidence at the corner site and could not come up with enough evidence to support an original corner. So we have accepted this corner as set by Mark Boyden. I removed the 1" x36" iron pipe and in it's place I set a  $2\frac{1}{2}$ -inch diameter by 30-inch long iron pipe with a  $2\frac{1}{2}$ -inch diameter brass cap marked:

Since the trees marked by Mark Boyden are healthy trees, I marked no new bearing trees.

The West 1/16 corner common to Sections 27 and 34, Township 40 South, Range 4 West, Willamette Meridian. At the corner location I found a 1" by 36" iron pipe set by Mark Boyden as called for in County Survey No 3800. From which I found the bearing trees:

A 12" fir bearsN16°54'E20.2 ft. with a healed axe face. A 14" fir bearsS23°Q4E,16.2 ft. with a healed axe blaze.

We have accepted this corner as set by Mark Boyden, so I removed the 1" x 36" iron pipe and in it's place I set a  $2\frac{1}{2}$ -inch diameter by 30-inch long iron pipe with a  $2\frac{1}{2}$ -inch diameter brass cap marked:

Since the trees marked by Mark Boyden are healthy trees, I marked no new bearing trees.

The Center ½ corner of Section 27, Township 40 South, Range 4 West, Willamette. At the corner location I found a 1" by 36" iron pipe set by Mark Boyden as called for in County Survey No. 3800. FRom which I found the following bearing trees:

An 18" pine bears S2320'E15.4 ft. with healed blaze. A 12" pine bears S7324W 22.1 ft. with healed blaze.

We have accepted this corner as set by Mark Boyden, so I removed the 1" x 36" iron pipe and in it's place I set a  $2\frac{1}{2}$ -inch by 36" long iron pipe with a  $2\frac{1}{2}$ -inch diameter brass cap marked:

U.S. DEPT FO INTERIOR
UNLAWFUL TO DISTURB
T40S R4W

\$27 | \$26
1966
CADASTRAL SURVEY
BUREAU OF LAND MANAGEMENT

From which I found the following bearing trees:

A 14" fir bears \$22°E, 15.8 ft. an original BT. with healed blaze.

A 14" fir snag bears S18"W, 17.8 ft. an original BT. no visible scribes.

A 14" live oak bears  $S55^{\circ}W$ , 39.0 ft. with an open single blaze scribed "RP".

A 15" fir bears N80  $^{\circ}$ E, 14.0 ft. a 1966 BT. with a healed blaze.

A 8" Live Oak bears N32°W, 24.4 ft. a 1966 BT. with a partially healed blaze and visible scribes.

The  $\frac{1}{4}$  corner common to Sections 27 and 34, Township 40 South Range 4 West, Willamette Meridian. At the corner location I found a standard B.L.M. Brass Cap marked:

U.S. DEPT. OF INTERIOR
UNLAWFUL TO DISTURB

\$34 1966
CADASTRAL SURVEY
BUREAU OF LAND MANAGEMENT

From which I found the following bearing trees:

A 24" fir bears S41°E, 51.5 ft. an original BT. with a healed blaze.
A:16" fir bears North, 25.7 ft. a 1966 BT. with a partially healed face but no visible scribes.

The section corner common to Sections 27, 28, 33, and 34, Township 40 South, Range 4 West, Willamette Meridian. At the corner location I found a standard B.L.M. brass cap marked:

U.S. DEPT. OF INTERIOR UNLAWFUL TO DISTURB

CADASTRAL SURVEY
BUREAU OF LAND MANAGEMENT

From which I found the following bearing trees:

A 14 " pine bears S14 W, 42.7, an original BT. with an open blaze and visible scribes.

A 16" pine stump bears N40 W, 40.5' an original BT. with a healed axe blaze.

A 28" pine bears S53 E, 23.3' an original BT. with a healed axe blaze.

An 18" fir bears S89 W, 56.0' A 1966 BT. with a healed axe blaze.

A 16" pine bears N46 W, 22.0' A 1966 BT. with a healed axe blaze.

Page 2 Of 6

From which I found the following bearing Trees:

A 24" pine stump bears N23°W, 76.6 ft. with an axe blaze (original BT). A 36" pine stump bears N21°E, 44.9 ft. with visible scribes (original  $B^{T}$ ). A 14" Douglas Fir blowdown bears N38 W, 23.1 ft. with an axe blaze (1966 BT).
A 20" Douglas Fir bears N32 E, 78.5ft. with a healed axe blaze (1966 BT). A 15" Douglas Fir bears N62°W, 42.55 ft. with upper and lower blaze scribed "C.S. BT". .
A 21" Ponderosa Pine bears S36½E, 196.0 with upper and lower blaze scribed "C.S. BT". A 15" fir bears S29 W, 50.8 ft. with healed blaze, a 1966 B.T.

The ½ corner common to Sections 22 and 27, Township 40 South, Range 4 West, Willamette Meridian, Jackson County, Oregon. At the corner location I found a standard Jackson County Surveyor's Brass Cap marked:

> Jackson County T40S R4W <u>22</u> 27 1968

From which I found the following bearing trees:

A 5" oak bears N28°W, 9.8 ft. with partly healed upper and lower blazes scribed "C.S. BT."
A 3" oak bears N58°E,12.5 ft. with partly healed upper and lower axe blazes scribed "C.S. BT". Distance to lower blaze.

The Section corner common to Sections 22, 23, 26, and 27, Township 40 South, Range 4 West, Willamette Meridian. At the corner location I found a standard BLM. Brass Cap marked:

CADASTRAL SURVEY BUREAU OF LAND MANAGEMENT

From which I found the following bearing trees:

A 12" down fir bears N76°E, 26.0 ft. an original BT. A 20" down fir bears. S17°E,34.3 ft. an original Bt. A 30" fir bears S73°W, 56.0 ft. an original BT. with a healed single blaze.
A 15" fir bears N62°W, 23.1 ft. an original B<sup>T</sup>. with a healed single blaze.

A 14" fir bears N45°E, 29.7 ft. a 1966 BT. with healed blaze.
A 12" white fir bears S78°E, 35.6ft, a 1966 BT. with a healed blaze. A 12" fir bears S57°W, 27.7ft, a 1966 BT. with a healed blaze. An 18 " fir bears N44" W, 54.8 ft. a 1966 BT. with a healed blaze.

The  $\frac{1}{4}$  corner common to Sections 26 and 27, Township 40 South, Range 4 West, Willamette Meridian. At the corner position I found a standard B.L.M. brass cap marked:

NARRATIVE OF SURVEY TO CONFORM TO PARAGRAPH 209.250

OREGON REVISED STATUTES.

SURVEY FOR:

Rogue River National Forest

P. O. Box 520

Medford, Oregon 97501

CONTRACT:

Sutton Cadastral Survey

Contract No. 53-04H1-0-7885N

LOCATION:

Section 27 Township 40 South, Range 4 West Willamette Meridian, Jackson County, Oregon.

BASIS OF BEARINGS:

Solar Observation.

PURPOSE:

To establish property corners, and blaze and post the National Forest Boundary Lines

in Section 27.

PROCEDURE:

A search of the available records revealed that the original survey was performed by Samuel Lackland under G.L.O. Contract No. 429 dated January 5, 1882. The Bureau of Land Management remonumented, from original evidence, the northwest corner, the east 1/4 corner, the northeast corner, the south 1/4 corner and the south west corner of Section 27. These corners were remonumented by Rollin D. Aanrud, Cadastral Surveyor, in 1966. The Jackson County Surveyor's Office monumented the north 1/4 corner in 1968. Mark Boyden monumented the west 1/4 corner, the center-west 1/16 corner and the center 1/4 corner of Section 27. He also monumented the west 1/16 corner common to Sections 27

and 34. With the above corner control established, we ran a random traverse around Section 27. We began our survey at the northwest corner and surveyed in a clockwise direction and closed back into our starting point with a precision ratio of 1 in 26324. With the control traverse run we were able to determine that Mark Boyden's survey (C.S. 3800) was of sufficentaccuracy for us to accept his corners. From this data we computed the corner positions and offsets to true line from our random points. We set iron mon-

uments at the corner positions and blazed and posted the property lines.

## CORNERS ACCEPTED FOR CONTROL

Section corner to Sections 21,22,27 &28, Township 40 South, Range 4 West, Willamette Meridian. At the corner location I found a standard BLM brass cap marked:
