SURVEY NARRATIVE

Bill

Survey for: Bill Littlefield 81-7  
P.O. Box 281  
Shady Cove, Or 97539

Survey by: Edward A. McGinty, RS  
205 W. 9th St.  
P.O. Box 1531  
Medford, Or 97501  
April, 1981

Basis of Bearing: The center line of Vilas Rd.  
S.89°43'30"E.

Precedence of Survey:

The parent description was prepared originally from survey of record shown as Tract No. 25. It is apparent since that time that some of the monuments have been lost or moved during construction of a fence line, ditches, etc., also, to maintain the previous survey measurement it would be necessary to equate the EDM measurement along Vilas Rd. This was done by prorating to the monuments shown. The purpose of this survey is to locate a proposed division line between two different business's with a jointly used easement.

The exact bearing or alignment of Peace Lane was not determined subject to recovery of additional monuments.

A description was prepared calling for monuments set for a proposed line.

Monuments set being 5/8 in. by 24 in. iron pins set approx. flush with the surface.
