SURVEY NARRATIVE TO COMPLY WITH O.R.S. 209.250 (CONT)

At the center South one-sixteenth (1/16) corner of Section 9, I set a 5/8 inch iron PROCEDURE (CONT): pin from which;

A 26 inch Fir bears S37°W 57.4 feet, scribed CS1/16 S9 BT
A 28 inch Fir bears S55°E 83.8 feet, scribed CS1/16 S9 BT

Distances to bearing trees were measured to the center of the tree at the B.T. scribe.

Job #82-166 BOISE CASCADE SURVEY NARRATIVE TO COMPLY WITH O.R.S. 209.250

SURVEY FOR:

Boise Cascade Corporation

P.O. Box 100

Medford, Oregon 97501

LOCATION:

A portion of Sections 9 and 16, Township 38 South, Range 3 East, Willamette Meridian,

Jackson County, Oregon.

PURPOSE:

To survey, locate and mark the Boise Cascade Corporation's property lines as shown on the

attached map.

PROCEDURE:

Random traverses were run to the required section corners as shown on the attached map. While running said traverse, I discovered that B.L.M. had performed an Administrative Survey along the South line of Section 16.

No map was filed by B.L.M. I contacted

Mr. Jim Dow who did said surveying and he
informed me that the corners he set were not official corners. Therefore, I set a 5/8 inch iron pin at the South one-quarter (1/4) corner by proportion, from which;

- A 8 inch Cedar beans S590E 11.7 feet, scribed N¼ S21 BT
- A 16 inch Fir bears N550E 22.8 feet, scribed S $\frac{1}{4}$ S16 BT

At the one-two hundred fifty sixth (1/256) corner near the Southeast corner of Section 16, I set a 5/8 inch iron pin from which;

- A 12 inch Fir bears $544^{\circ}W$ 102.1 feet, scribed 1/256 S21 BT
- A 28 inch Pine bears N31⁰W 39.2 feet, scribed 1/256 S16 BT

At the one-two hundred fifty sixth (1/256) corner near the East one-quarter (1/4) corner of Section 16, I set a 5/8 inch iron pin from which;

- A 14 inch Fir bears N68⁰E 8.5 feet, scribed 1/256 S16 BT
- A 12 inch Fir bears ${\rm N60^{O}W}$ 7.6 feet, scribed 1/256 S16 BT

At the South one-sixteenth (1/16) corner on the East line of Section 9, I set a 5/8 inch iron pin from which;

A 12 inch Fir bears N24^OE 10.9 feet, scribed S1/16 S9 BT

A 16 inch Fir bears S52°E 17.1 feet, scribed S1/16 S10 BT
