SURVEY NARRATIVE

Survey for: Ron Dorsey  
1792 Ross Lane  
Medford, Or 97501

Survey by: Edward A. McGinty, RS  
205 W. Ninth St.  
Medford, Or 97501  
April, 1983

Location: NE. 1/4 X nE. 1/4 of Sec. 22, T37S, R2W., WM.  
Part of TL 2901 and 2904

Basis of Bearing: Center line of Ross Lane N.89° 53' 20" E.

Procedure:

The center line of Ross Lane was previously re-established by county monu-  
mentation, this control was recovered by locating an iron bolt being approx.  
8 ins. deep at the Easterly terminus and 5/8 in. iron pin on the West line  
of DLC no. 69, being 10.99 ft. Easterly of an iron bolt.

Purpose: To increase the size of an existing parcel by establishing a line  
along the Westerly edge of a board fence by setting 2 (two) 5/8 inch iron pins  
24 ins. long, with plastic top marked 301 McGinty, as indicated on the map.
