Survey No. Page 1 of 8

SURVEY NARRATIVE TO COMPLY WITH PARAGRAPH 209.250 OREGON REVISED STATUTES

SURVEY FOR:

Rogue River National Forest

P. O. Box 520 Medford, OR 97501

LOCATION:

Section 33, Township 35 South, Range 3 East, Willamette Meridian, Jackson County, Oregon.

BASIS OF BEARING:

Solar observation - see special note.

PURPOSE:

To correct record Survey No. 8180 due to the adjustment in position of controlling corners by the Bureau of Land Management.

PROCEDURE:

A close traverse was ran around the exterior of Section 33 tying all controlling section corners. Following this traverse I performed a survey commencing from the east one-sixteenth corner on the north line, southerly along the interior property line tying to center-east and southeast one-sixteenth corners and closing to the south one-sixteenth on the east line of the section. From this data I proceeded to subdivide the section and compute new positions for the center-east and southeast one-sixteenth corners. I then remove said monuments as described within Record Survey No. 8180 and reset each corner to the positions described on the attached map and accompanying narrative.

Property lines were reposted utilizing metal posts with National Forest boundary signs attached. Incorrectly blazed trees were defaced and blazes painted black. Correctly blazed trees were repainted with red timber marking paint, additional trees along the line were blazed and painted with red timber marking paint.

EQUIPMENT UTILIZED IN SURVEY:

This survey was performed utilizing a Wild T-2 Theodolite and Wild DI-4 Electronic Distance Meter.

SPECIAL NOTE:

The solar observation utilized for this survey was taken near the section corner common to Sections 27, 28, 33 and 34. No effort was made to rotate the bearing of this survey to the basis of bearing utilized for Record Survey No. 8180.

CORNERS ACCEPTED FOR CONTROL

Note all exterior section, quarter section, and angle points are described within this narrative although not all would normally be required to separate National Forest and private lands within Section 33.

Section corner common to Sections 27, 28, 33 and 34, Township 35 South, Range 3 East.

At the corner point I found a standard Bureau of Land Management monument marked:

U.S. Dept. of Interior
Unlawful to Disturb
