SURVEY NO. 9821

SURVEY NARRATIVE TO COMPLY WITH O.R.S. 209.250

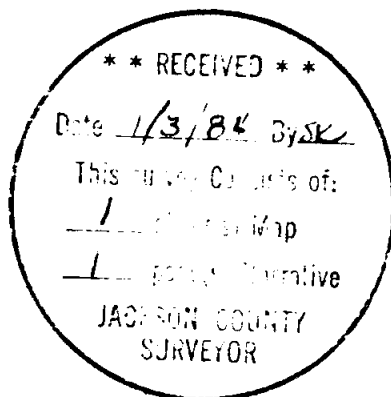

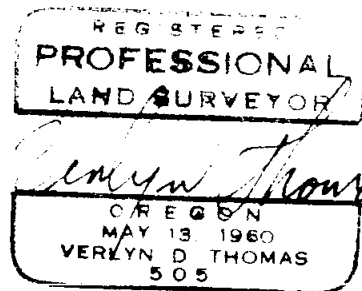

For: William Ave  
P.O. Box 607  
Phoenix, Oregon

Purpose: To survey and locate existing fence lines, and prepare appropriate description for a Boundary Line Adjustment document.

Procedure: From control recently established by this office for Survey No. 9491, located fences hereinabove referred to, and set 5/8" x 24" iron pins as indicated on the accompanying plat. Iron pipes were recovered near points A and B, but the parties involved elected to monument the fences rather than use the existing pipe monuments as control for the Boundary Line Agreement description.

Basis of Bearings: Survey No. 8599
